

CHECK-IN WITH EMERSON

Hey everyone, hope this finds you all well! I know that lately, there has been a lot of emails coming your way from us announcing our intent to sell the building and sending out Provider surveys. At the moment, there aren't any further major updates to share, so I just wanted to use this space to check in with you all!

Firstly, I just want to take a moment to thank every one of you for your patience, your kind words and your support. I've thanked you all for it before, so I won't belabor the point, but just know that every email or message of support I've gotten in the last few months has been noticed and appreciated--this really is the sweetest community (but you all knew that already!).

To our Providers--one of my goals this month is to get your feedback evaluations/surveys back in your hands, and for me to set up a system to get them to you regularly! If there's anything else you're missing or wishing for, please feel free to let me know. Now that I've got my feet more solidly on the ground, I want to make sure you all feel as supported and valued as possible. This all wouldn't be possible without you!

That goes for everyone here, Provider or not--if you need anything or have any concerns, just reach out and let me know. Thank you all again for being here!

PARTICIPANT CATEGORIES

Upon creating your account, you will be asked to assign yourself a category based on your current health situation. Our system will place priority on those with higher categories when making random session assignments.

Careivers may choose to pick the same category as the person they are caring for, or to pick whichever category aligns with their own health.

Categories are self-identified by the Participant, and Pathways will never diagnose or require proof of a diagnosis to justify a category assignment. If you have been a Category 1 or 2 for a year without any advance in illness, we ask that you move your category to the next lower level to allow for newly diagnosed/those with advancing illnesses to have higher priority.

CATEGORY 1

For persons with life-threatening physical illness (cancer, debilitating heart disease, HIV/AIDS, lymphoma, MS, ALS, transplants, etc.).

CATEGORY 2

For persons dealing with disability, pain and/or other symptoms related to a physical chronic illness, or physical injury (CFS, chronic pain, diabetes, lyme, etc.).

CATEGORY 3

For persons in recovery from stress and emotionally-based concerns related to physical illness or significant life challenges, such as grief, loss and chronic inequities.

PATHWAYS SCENT-FREE POLICY

Many Pathways participants are chemically sensitive, and/or who have compromised immune systems. We wish to minimize as best we can the presence of scented products. To this end, we ask that you please refrain from applying perfume, cologne and/or essential oils within 24 hours of your attendance at Pathways. We also ask that you do not smoke on the property.
